

Community Research Initiative of New England

We invite you to become a sponsor of Community Research Initiative of New England's Circle of Friends Florida Party in Miami Beach on Saturday, March 15, 2008, 7PM-9 PM.

The goal of this event is to build awareness and raise critical funds in support of CRI's important work and the role it plays in bringing leading-edge clinical trials, treatment opportunities, and education to people infected with HIV/AIDS.

CRI is headquartered in Boston, MA and is conducting research with Florida collaborators in Miami, Vero Beach, and Orlando. The clinical research we do impacts those living with HIV around the world.

We believe this event will attract some 200 people affected by and interested in HIV who want to support CRI's work. With your backing, our goal is to ensure that 100% of the dollars raised through ticket sales will go directly to CRI's work to find a cure for HIV/AIDS. In order to realize this goal, your support to underwrite the event is crucial.

CRI is an independent, non-profit (501(c)(3)), community-based agency dedicated to HIV/AIDS clinical research, treatment education, and drug access. Not only will this event help raise awareness of important HIV/AIDS treatment issues, it will also provide an opportunity to honor the eighteen remarkable years of critical research and treatment CRI has provided to the HIV community.
